Date: 27.11.2017

Dear Sir,

Sub: Intimation of selection of the project under the VGST scheme of KHIST Level (1) - reg.

Greetings from the Dept. of Information Technology, Biotechnology and Science & Technology!

We are pleased to inform you that the project titled "**Establishment of lab for VLSI design with current technology**" submitted under the VGST scheme of KHIST Level (1) for the financial year 2016-'17 has been approved by the Government based on the recommendations of Vision Group on Science and Technology under the Chairmanship of Prof. CNR Rao, Honorary President, JNCASR

The total project grant award for a period of 2 years is Rs. 20.00 lakhs, which will be released annually @ Rs. 10.00 lakhs based on the progress of work. You are requested to take an immediate action to initiate the project at the earliest and to be completed within 2 years after receiving the cheque of 1st installment from our office.

The grant will be paid to the Head of the Institution, under whose supervision the Principal Investigator shall be responsible for completion of the stated objectives of the project. The Principal Investigator through the Institution Head shall have to submit the progress report in soft copy (word & pdf) once in 6 months without any fail. The grants shall be used only for the purposes described in the grant application by following due procedures of KTPP Act. Any deviation from the scheduled plan must have a prior approval from the VGST. A sample copy of the Utilization Certificate is enclosed for information and necessary action in the future.

Future releases of grants will be based on satisfactory project performance. The funding agency has the right to terminate the project, if it is found to be not

satisfactorily pursuing and fulfilling the stated project goals and objectives. Any Unspent balance must be returned back to the funding agency within 60 days following the conclusion of the project. Any publications or other dissemination arising from research supported by VGST grants should be acknowledged.

Dr. S. G. Sreekanteswara Swamy, Consultant, VGST will be the nodal officer for all future correspondences related to the project. His contact details are given below:

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to address the needs of older people, and the UK Government has set out a strategy for the 21st century (Department of Health 1999). The strategy is based on the principle of 'active ageing', which is defined as 'the process of optimising opportunities for health, participation in society, and security in old age' (Department of Health 1999, p. 1).

The strategy is based on three pillars: health, participation and security. The Department of Health has set out a number of objectives for each pillar, and has identified a number of key areas for action. The key areas for action are: health, participation, security, and the environment. Dear Students/Guides,

Congratulations!

Greetings from S J C Institute of Technology, Chickballapur!!!

S J C Institute of Technology, Chickballapur, organizing "Symposium cum Project Exhibition" on Recent Advances in Engineering Science in Association with Karnataka Science and Technology Academy, Department of Science and Technology, Govt. of Karnataka on 19th July 2021 (Monday).

We are pleased to inform you that your project titled- DESIGN AND FABRICATION OF LOW COST MEMS BASED LISTENING DEVICE FOR HEARING IMPAIRED has been accepted for Presentation after the review process.

Dear Sir,

Subject: Science Fair held at the district level to

.....
In regard to the foregoing, Karnataka Science and Technology Academy is a subsidiary of the Department of Science and Technology, Government of Karnataka, in the last 12 years, numerous scientific events, training, conferences and other innovative programs successfully held throughout the state

The Academy of Science & Engineering graduate students in line with the current 201718th Science Fair program is intended to organize various districts of the state, have been selected for their college. His college students and graduate students interested in the opportunity to participate in the colleges of science & technology. The event organized by the Academy of Rs. 60,000 / gala (sixty thousand rupees) grants will be given (program guide is attached).

Against this background, the science fair program to organize and index their consent to the proposal of the Academy are requested to notify via e-mail. Following the aforementioned approval and informed consent of the organizers of the event.

Thanking you,

Yours faithfully,

Cantonment, Bellary - 583 104

Dear Sir,

Sub: 35th Series of Student Project Programme - Evaluation of Projects
Ref: Our project sanctioned letter No. 7.1.03/SPP/1479 dated 21st March 2012

We are pleased to inform you that KSCST has sponsored 307 Student projects during 35th series of Student Project Programme (SPP). Due to the large number of projects being supported in several institutions spread over the State, KSCST will be conducting the evaluation of sponsored projects in selected nodal centers. The Council has identified Rao Bahaddur Y. Mahabaleshwarappa Engineering College, Bellary as a nodal centre for your region. The Student Projects of all the participant colleges in your neighborhood will be evaluated at this centre only.

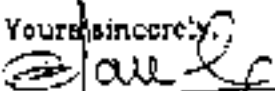

We are happy to inform you that the evaluation is being organized on 23rd May 2012 (Wednesday) at 10.00 AM at Rao Bahaddur Y. Mahabaleshwarappa Engineering College, Bellary.

We request you to inform the concerned guide and students (of SPP sponsored projects) to be present at Rao Bahaddur Y. Mahabaleshwarappa Engineering College, Bellary at 9.30 AM. The students need to make their presentation / demonstration of their project during the evaluation. I would like to bring to your kind notice that there will be no other evaluation in individual colleges as it was done in earlier series. Once again we request you to inform the students to prepare the project synopsis (about 2 pages) as per the format given in the sanction letter, email to spp@kscst.iisc.ernet.in and submit during the evaluation and participate in the evaluation process.

The Guide and Students may please contact Prof. Nagaraja Kori, SPP Co-ordinator, Department of Mechanical Engineering, Rao Bahaddur Y. Mahabaleshwarappa Engineering College, Bellary (Email : kori.nagaraj67@gmail.com ; Cell No. 9448576434) and confirm number of participating students and faculty for making necessary arrangements.

The Seminar and Exhibition of 35th Series of SPP will be held at SDM Institute of Technology, Dharmasthala Road, Ujire 574 240, Dakshina Kannada District during July 2012. The exact dates will be intimated shortly.

Thanking you and with best regards,

Yours sincerely,

Dear Sir/Madam,

Sub: 44th series Student Project Programme (SPP): Status of the sanctioned projects

Greetings from KSCST!

I am pleased to inform you that the projects submitted by your institution under the 44th series of SPP-KSCST have been shortlisted for funding and listed on our website. We do hope that faculty and students have taken note of it. We have also posted the sanction order and sanctioned amount for the projects to your institution.

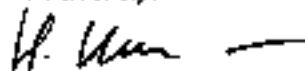

As per the earlier announcements and due to the prevailing restrictions in the country to contain the COVID-19 pandemic, we are not conducting the midterm evaluations at the nodal centers as done earlier. We plan to organise final evaluation of the projects online and to conduct the online evaluations, we would like to have the status of the sanctioned projects. The following are the instructions to be followed to get the projects evaluated online.

- The project guide and SPP Coordinator shall update the project status to KSCST on or before 26th July 2021 by email to spp@kscst.iisc.ernet.in.
- The evaluation dates will be announced after 26th July 2021
- The head of the institute shall make sure that all the sanctioned projects get evaluated online.
- Only students (at least one or two) shall present/demonstrate their project.
- The best projects after online evaluation will be awarded with "Best project of the year Award" under 44th Series of SPP.
- The Project Completion Report (Final report) has to be sent in SOFTCOPY ONLY (SINGLE PDF FILE) by email to spp@kscst.iisc.ernet.in. The pdf file shall include the completion certificate of the project duly signed by the Project Guide and Head of the institution.

The evaluation dates, time-slots and other information regarding the online evaluation will be shared by email / website announcement, once we receive the information from your end.

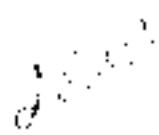

Thanking you and with best regards,

Yours sincerely,

(H. Hemant Kumar)

Subject: 44th Series of Student Project Program - Guidelines for online evaluation of projects

Dear Students and Faculty members,

Greetings from Karnataka State Council for Science and Technology!

This is to inform you that the evaluation of projects sponsored under 44th Series of Student Project Program is scheduled to be held online this year. The evaluation of the projects is expected to start on 30th July 2021 and complete latest by 16th August 2021.

The best projects from each branch of engineering will be selected by experts for awarding "Best project of the year award". The best projects will be honored with cash prize and certificate from KSCST.

The guidelines for online presentation is printed below for your reference. Please read these carefully and follow all rules to diligently.

1. The online projects evaluation is on Google Meet web platform. The web link will be sent to the Team leader and project guide for online participation one / two days before the evaluation. Please check your emails regularly to note the date and time of evaluation (check in spam box also).
2. The Project teams shall be ready with the short PowerPoint presentation and demo of working model / project outcome. We inform you to intimate the status well in advance to process at our end.
3. The project team members shall login using their actual name and not nick name / short name to enable us to identify the student in the online meeting room.
4. Project team are invited to present through the power point presentation and demo. Please stick on to the time. All the participants except the presenter shall mute the mike and not to initiate / share the presentation. After presentation and evaluation, the team can exit from the presentation group.
5. Each project group is allotted 10 minutes for presentation and demo (date and time will be intimated to you in advance).
6. Please stick to your contributions and project deliverables, taking only 2-3 minutes for Introduction/ background and literature. Spend more time on your work – implementation, experiments and results and 2 minutes for special efforts done by you in the project. We expect maximum of two students to present the project.
7. Prepare the presentation in advance and check for lab availability, computers, network etc. Last minute preparation may lead to problems in interacting with experts. Check for adequate internet bandwidth and sufficient lighting for demonstration of your project.
8. Students shall not use mobile for presentation; they need to use laptops or desktops for presentation.
9. The project team shall keep all demo items on a table near the presentation place visible to the experts.

20. Each team needs to focus the camera of the laptop / desktop to show the parts and operations clearly to judges.
21. We expect you to do a dry run with your team to seamlessly present without difficulties and interruptions during web review (Google Meet platform).

We plan to bring out a compendium of best projects for which we inform you to submit the following:

1. Project summary and softcopy of the full report.
2. Submit a five-page summary of your project as per the format sent to you in the project sanction order / website and send the same positively by 30th July 2021. This will be included in the technical compendium published by KSCST. (https://www.kscst.org.in/spp/44_series/44_Series_SPP_Approved_Proposals.html)
3. The Project Completion Report (Final report) has to be sent in SOFTCOPY ONLY (SINGLE PDF FILE) by email (spp@kscst.iisc.ernet.in). The pdf file shall include the certificate duly signed by the Project Guide and Head of the institution regarding completion of the project.

Please get in touch with us by email (spp@kscst.iisc.ernet.in) if you need any clarifications regarding the whole process.

Thanking you and with best regards,

H. Hemant Kumar

- Provisional Utilization Certificate along with the Statement of Expenditure followed by Audited Statement of Expenditure and its Utilization Certificate
- Constitution of Project Evaluation Committee (PEC), Dates of the meeting of the PEC and copies of the minutes of PEC.

Kindly acknowledge the receipt of the above documents.

Thanking you,
Yours faithfully,

(Name and address) HOD, Dept of E&CE
Vijayanagar Engg College, Bellary.
2. **Project Title** : Modernization and Removal of
Obsolescence in Microwave and OFC Lab
3. **Date of Commencement of the Project** : 01.04.2006.
4. **Duration of the Project** :
5. **Amount Sanctioned by AICTE** : 8 Lacks
6. **Amount Released by AICTE** : 8 Lacks
7. **Details of Expenditure**

A. NON-RECURRING

S. No.	List of Equipment Procured	Cost
1	Spectrum Analyzer	1,04,000.00
2	A.M. Generator	1,32,052.00
3	Transmission Analyzer	2,12,094.00
4	Frequency Synthesizer	2,47,182.00
5	Microwave Bench	1,04,672.00
	Total	8,00,000.00

B. Recurring (Service charges etc.)

S. No.	Items	Cost
	Nil	---
	Total	00.00

Gross Total (A and B): Rs. 8,00,001.00

8. Whether there is any Deviation from the Purpose for which : -No-
Grant was released. If so, Details of Amount to be given

9. Has this Programme Augmented the Facilities of your Institute/ Department. (If so, please describe in 100 words) Yes

Definitely it has improved the facilities of the Laboratory in turn that of the Dept. and Institution. Addition of Spectrum Analyser will facilitate the students to measure frequency domain signals (Modulating and Modulated signals).

The New A.M. generators which is replacing the 20 year old will be used to generate accurate modulated signal.

Transmission Analyser and Trainer which is supplied with the display units such as digital storage oscilloscope will be used to study of the various parameters like stationary waves, phase shift input impedance , short and open end of the line.

Arbitrary Frequency synthesizer can be used to generate any type of arbitrary wave forms which is also a new equipment procured by the college.

Addition of new Microwave Benches will improve the accuracy of the experiments.

10. Academic Application of the Equipment Procured, if any

Using spectrum Analyser Analog communication experiments like Amplitude Modulation, Frequency Modulation etc. can be displayed in frequency domain. All these days ordinary Oscilloscopes were used to display only in Time domain.

A.M. generators will be used to conduct experiments on Radio receiver characteristics like sensitivity, selectivity and fidelity.

Transmission Analyser and trainer will be used measure stationary waves, phase shift, input impedance, short and open end of the line with the help of display units.

Arbitrary Frequency Synthesizer will be used to generate any type of binary sequence to conduct DPSK(Differential Phase shift Keying) expt.

Microwave Bench will be used to conduct Gunn diode characteristics , Magic Tee, direction coupler, horn and parabolic antennas and etc.

Sir,

Sub: Financial support for AICTE programmes on Thrust Area in Technical Education (TAPTEC), Modernisation and Removal of Obsolescence (MODROBS), Research and Development (R&D) - regarding approval-cum-sanction (1996-97)

In continuation of this office letter regarding submission of proposal(s) followed by screening, evaluation and presentation at different stages, this is to intimate that the Council, in view of the recommendations made by Expert Scrutination/ Evaluation/ Review Committees in different subject disciplines and finally by the Board of Research has agreed for financial support for the project submitted under the programme of MODROBS as detailed here under.

1. Details of Project(s) for financial support

Project Code	Chief Coordinator and Department	Project Title	Duration (Years)	Recomm Amount (Lakh)
MELED499 /Rec 335	T.S.SHIVAPRASAD ELECTRONICS & COMMUNICATION	MODERNISATION & REMOVAL OF OBSOLESCENCE IN FIBRE OPTICS, DIGITAL IMAGE PROCESSING & LIGHT WAVE ENGG.	2.00	3.00

2. In order to pay the amount as allocated in the current financial year 1996-97 as grant-in-aid for implementation and meeting of the expenditure for the items approved on priority wise for the projects based on the discussion with the Expert Committee or as per submission of the proposal; as the case may be, the Council also conveys the sanction for the amount of Rs 3.00 Lakhs (Rs Three Lakhs only).

3. The competent authority may submit a TR42 form (copy enclosed) for the amount of Rs 3.00 lakh or less as sanctioned or two TR42 forms in two equal parts if the sanctioned amount is more than Rs 2.00 lakh duly authenticated with revenue stamp and receipt to RDII Bureau of the Council for release of the demand draft to the Institution. The expenditure under this grant is debitible to the AICTE head of account 021/PLAN/MODROBS.

- 4) The Chief Coordinator and Head of the Institution will immediately send the following information duly completed and filled in with proper seal and authentication-
- i) A certificate to the effect that the grants will be utilized for the purpose for which it is given. A stamped revenue receipt is to be produced also. The cheque/draft will be sent only after the receipt of the stamped receipt in advance and requisite certificate in the form of TR42.
 - ii) The amount of grant-in-aid will be drawn by the drawing and disbursing officer for the purpose and remitted to the grantee institution through draft/cheque, drawn in its favour. (Give name of the Bank/Address)
 - iii) The grant is subjected to the terms and conditions as enclosed in Annexure-1 or as circulated to the institutions earlier.
 - iv) The un-aided grantee institution is requested to submit an undertaking on non-judicial stamp paper of Rs. 10/- for fulfillment of the terms and conditions signed by the competent authority of the trust/management.
 - v) A copy of the Annual Progress Report & Utilization Certificate(s) for the previous financial years AICTE/ MHRD grant allocated and sanctioned upto 1995-96, if any, is to be sent in the prescribed format to enable the Council to take necessary action.
 - vi) The institution will also certify that the facilities will be provided to the Chief Coordinator for running programme with full operational flexibility. The facilities provided should be available to the users also and after the completion of the projects all the facilities created including equipments, books etc. procured will be the property of the institution
 - vii) The Memorandum of Association of the Institute status, rules and regulations etc. are to be modified in view of the transfer of the institute from MHRD to AICTE, if applicable to your Institution.
- 6) The Chief Coordinator/Institution/Departmental Head as per the type of programme may immediately send details of information regarding list of equipments on priority basis and other items on non recurring heads in view of the discussions with the experts where the list of approved equipments is not enclosed with this letter. No additional amount will be provided.
- 7) If necessary, for the projects under R&DP and TAPTEC, upto 15% of the total allocation be utilized towards recurring expenditure out of the allocated amount. Only in exceptional circumstances arising of requirement for more than 10% towards recurring expenses that too on consumable goods for the project, a request may be made to the Council. This requirement (i.e. more than 15%) will not cover salary components of the staff/position/research fellows. However, for the projects under MHRDES no recurring expenditure except for maintenance only upto 10% of the project cost is permitted.
- 8) Necessary steps for composition of Annual Performance Committee for Monitoring & Evaluation etc may be taken as per guidelines (Annexure-2) provided

- 9) The Chief Coordinator of the R&D project sanctioned by the Council should be a full time faculty
- 10) The project is to be implemented as per objectives already defined in the approved project. The details of the objectives of the programmes TAPTEC/R&D/MCEROS have been circulated through information brochure.
- 11) The chief coordinator of self-financing institutions may also consult with the subject expert of nearby nodal institution of excellence if so needed while procurement of equipment.

The Council has received excellent response from all over the country in various subject disciplines. In view of the huge number of proposals received and the paucity of funds only a minimum percentage of the proposals could be finally supported under the programmes with most critical needs on priority basis.

The information desired may kindly be send immediately to the Council.

Thanking you,

Yours faithfully,
