Invitation for Academic + Industry Interaction exclusively for Civil / Structural Engineers

1 message

Usha MU <usha@e-construct.in>

Mon, Dec 14, 2020 at 3:26 PM

Cc: Pingale Shraddha <12w12m@e-construct.in>, Sheta Mazumdar <sheta@e-construct.in>

Respected Sir/Madam

Greetings from Econstruct Design & Build Pvt Ltd !!!

Econstruct Design & Build Pvt Ltd is one of the leading Engineering Consultancy, Civil Contracting & Corporate ON-JOB Training companies operating in India since 2010, which has executed construction work for some of the most significant projects in the country.

Mr. Sandeep Pingale is the Founder & MD of Econstruct Design & Build Pvt Ltd. He has designed up to G+81 Story Iconic Structures in Gulf and delivered projects worth 700 Cr so far. He has 20+ years of experience and he holds the unlimited license of High Rise Committee (HRC) in Mumbai. He is passionate about sharing his knowledge and he is a personal coach to many Civil / Structural Engineers.

On behalf of Econstruct, I am writing this to invite you and your college faculty and students of the Civil Department to join the Free 12 technical workshops in 12 months program (12w12m program) launched by Econstruct Design & Build Pvt Ltd.

These workshops aim at connecting the faculties, students, and industry persons from all over the country to share a common platform of sharing knowledge.

We will be really happy in guiding your students in achieving their Career Goals in the Civil Industry.

12w12m Program Details

Timetable & Topics: Please find the attachment

Eligibility: Diploma (Civil), BE/B.Tech (Civil), M.E/M.tech (Structures / CTM / CAD Structures)

all the above 1st year to final year students can attend.

Upcoming Workshop: 31st December 2020

Speaker of the event: Mr.Sandeep Pingale, Founder & MD of Econstruct Design & Build Pvt Ltd.

- **Workshop Registration link for Students:** <https://zfmz.com/qlHHRHpNFifPVY7n7vV>
- **Registration link for Placement officer / College authorities:** <https://zfmz.com/p17ELJm1WbK6PlnuZOIx>
- Visit our workshop site for complete information on the 12W12M program:
- **website link:** <https://what-is-civil-engineering.bitrix24.site/2dayworkshop/>
- **The timetable for the 12w12m Program and sample appreciation certificate** (for placement officer / College authorities) is attached to this mail.
- Students who fill the form and attend all the workshops will receive their participation certificates.

Kindly please share the website link, registration link, and brochure with the students.

Please Note:

- **The meeting link** will be mailed to you and the registered students on 29th December 2020 at 06:00 pm to their registered mail ids. (Kindly please check including spam)

Feel free to contact us for further queries on the following numbers

FACE Pulse | Students' Corner

We have observed that building beautiful websites has been the first coding assignment for many & thus it inspired their interest towards the world of programming.

However, the technologies required to build a beautiful website in 2020 is vastly different from what it was about 3-5 years ago.

Best suited for students in year-1 & 2 of engineering this webinar discusses about ***what it takes to become a front-end developer in 2020?***

Date & time: 1st May, Friday, 4 pm to 5 pm

To register: <https://bit.ly/2SjlnOD>

⑤ 23/04/20

FACE Pulse | Students' corner

Web development is emerging as one of the favorite career choices for the students these days. So, in this week's webinar series, our mentors discuss *how can students learn Web Development in 2020.*

We talk about various trends, what skills are required to be a web developer, and how to master them (especially during this break).

Webinar topic: *How to learn Web Development in 2020?*

Date & Time: *23rd April (Tomorrow) 6 to 7pm*

Your students can register here:

How to Land a Dream IT-Product Company Job (CTC 5 - 8 LPA) as a Fresher

FACE Prep is organizing a free online workshop on Thursday, 6th February 2020 from 8 PM to 9 PM.

Register here: bit.ly/FACEweb5

Advantages of a product developer career:

- (a) Challenging roles where you directly work on the company's products, typically used by millions of users
- (b) Continuous learning through access to seasoned mentors and talented team-mates
- (c) A start at the higher end of the salary spectrum for freshers (CTC 5 - 8 LPA), great annual appraisals and growth
- (d) High Employee Satisfaction Quotients with Flexible Timings, Liberal Culture, Handsome Perks, etc.

○ While it might seem that such jobs are hard to come by, there are proven strategies on how you could still land that dream IT Product job, just upon graduation.

Note: candidates who currently have an IT Services job and wish to boost their careers by landing an IT product job must also attend this workshop.

3 DAYS FREE SESSIONS ON GATE

Date:30th , 31st July & 1st Aug 2021

POWER UP SESSION

"Problem Solving Skills in Product Companies"

12 June | 06:00 PM

JOIN LIVE

SENTHIL

CO-FOUNDER, IAMNEO.AI (EXAMLY)

Dear Placement Head,

To enter into a product company, more than any other skill, one needs to be meticulous with their Problem-solving skills! Our Educator and Co-founder of iamneo.ai (formerly Examly), Mr. Senthil Kumar, will show the inevitability of Problem Solving Skills in entering and sustaining a product company with good career growth. Kindly motivate the students to attend today's session without fail and get more insights about a product company from the co-founder of a successful product company, himself.

Link for LIVE Session at 6 PM: <https://rebrand.ly/NERD-Live-Session>

Kindly inform the students to practice the tests that are available for them. If students feel difficulty in accessing the course, kindly share them this demonstration video's link:

Dear Placement Head,

Coding/ Technical Round will be crucial and package deciding round in any drive and it is mandatory for the students to know the Do's and Don'ts of the same. Our expert educators, Mr. Navaneethan and Mr. Veera Naveen will show the list of items to be checked before entering a Coding round and make them clarified to students. Kindly share the below LIVE Session link with the students and ask them to join the session LIVE by 6 PM.

Link for LIVE Session at 6 PM: <https://rebrand.ly/NERD-Live-Session>

Kindly inform the students to practice the tests that are available for them. If students feel difficulty in accessing the course, kindly share them this demonstration video's link:

Hybrid Electric Vehicle Technology [Basics]

eLearning course designed to enrich the knowledge with future technologies

Learning made Simple, Visual & Interactive

The Hybrid Electric Vehicle Technology course is an introduction to fundamentals of Hybrid Electric Vehicles (HEV) presented in Toyota's highly visual and interactive learning format. This course is designed to provide learners with an understanding of the basics of Hybrid Electric Vehicle technology concepts, Types & Categories of Hybrid Electric Vehicles.

FREE WEBINAR | DURATION | 1.5 Hrs

A course designed by Toyota experts for Engineering Students, Faculty and Professionals

Table of Content

I. INTRODUCTION

- Evolution of Automobiles
- Comparison of Internal Combustion Engine (ICE) & Electric Vehicles (xEV)

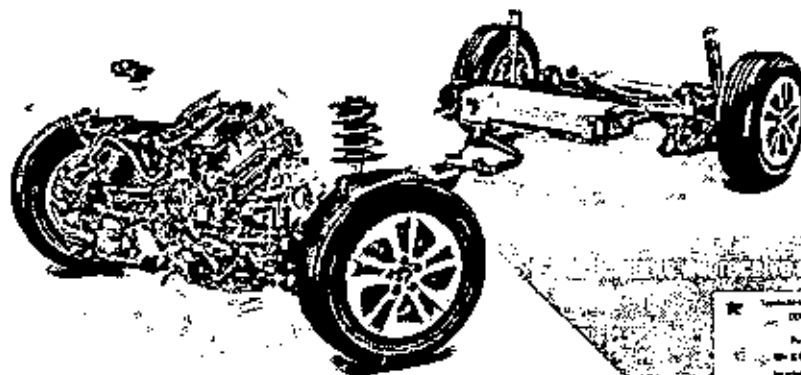

II. xEV - ELECTRIC VEHICLES

- Categories of xEV
- Architecture of Hybrid Vehicle
- Battery Electric Vehicle
- xEV - Indian Scenario
- Major Drivers Vs Major Barriers

III. FUTURE TECHNOLOGIES

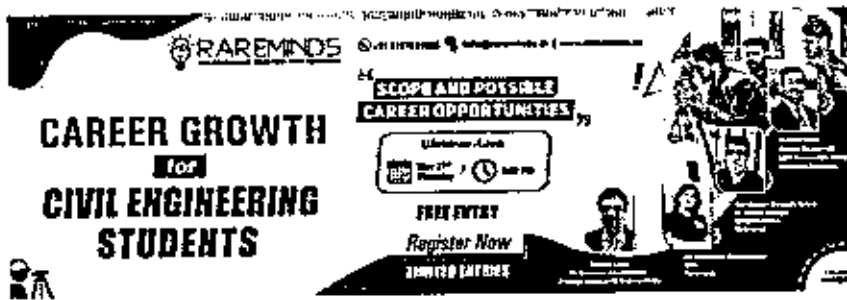

- Future Cars
- CASE Concept
- Future Mobility Concepts

FACE Pulse | Students' corner

There are roles within the IT industry that are recession-proof, they have perennial demand and generally pay higher than the rest.

What are such roles? What skills are required to land jobs in these roles? How do you develop these skills. Know them all in this webinar.

Date & Time: 6th May, Wednesday, 4.30 PM to 5.30 PM

Your students can register here:

<https://bit.ly/2WwLl2q>

30/04/21 (4)

FACE Pulse | Students' Corner

In this latest webinar for students, we talk about *how to crack the technical round of IT Product companies.*

Landing a job in a product company is an aspiration for all the students who want to start a career in the IT industry. This week's webinar tackles the biggest hurdle in the student's path to realize this aspiration: *the technical round*.

Date: *30th April, Thursday*

Time: *6 pm to 7 pm*

Your students can register here:

<https://bit.ly/2KIHF8n>

24/04/21 (3)

FACE Pulse | Students' Corner

According to HackerRank, *35-40% of the companies are looking to hire full-stack developers.*

- Hence, it only makes sense that we spread awareness about this among our students. So, in the 2nd webinar of this week, we talk about *Full Stack development as a career for engineers.*

Date & Time: *24th April (Tomorrow), 6 – 7 pm*

Your students can register here:

FACE Pulse | Students' corner

Most questions that has been asked by students in the past few days is around *different career options in the software industry & how to land those jobs.*

Based on the trends, *Web Development is one of the most sought-after skills in the Tech industry.* Many IT majors, Startups, and SMEs look for talented web developers to join their teams.

To help your students understand more about this career option and the skills required for it, we are organizing a free webinar: *Web development as a career for engineers*

Date & Time: 11th April, 6 to 7pm

Your students can register here: <https://bit.ly/FACE-WDMail>
